Don't let the day keep movin' on with tears and pride  
they hide the sun  
Look to the road that lies ahead  
I'm turning to the dream we left to die  
Dying alone, cry for the moment you passed me by  
Baby I don't now how , I'm only crying now

Search find  
No stone unturned ,no hell,no fury gonna stop my love  
and all it's glory  
Search find, no man, no god ,no pain can sever my  
love for you  
God, we're forever

(break)

Don't lose the will to make it right  
A day is just a brighter night  
And from the flames , a dying love can learn to fly  
and rise above to be all that we are  
You are the heart of my ev'rything  
Maybe I lose my mind , I'm not the losing kind

Search find  
No stone unturned ,no hell, no fury gonna stop my love  
and all it's glory  
Search find , no man,no god, no pain can sever my  
love for you  
God, we're forever

(break)

Search find  
No stone unturned,no hell, no fury gonna stop my love  
and all it's glory  
Search find  
No man ,no god ,no pain can sever my love for you  
God , we're forever

(repeat last verse twice and fade out)
