When do I cry  
This breakin' heart  
Just hurts me more  
When we're apart  
And there are two of us  
With our secret love

Sleep pretty baby while you wait so long  
Livin' with a love that's not just make believe  
Lonely nights, I see your candle glow  
And in my mind, I trace  
Together we can take away  
The time and the space

(CHORUS)

Baby when you got a secret love  
Every little touch is not enough  
Every little moment we're apart is pain to me  
Maybe we can find some hideaway  
Everybody knows but who can say  
Secretly you know I'd follow  
Anywhere to make you happy

Anyway you want me I'll be standing by  
I don't wanna lose the one I hunger for  
Naked eyes, they watch us everywhere  
Nowhere to run, I cry  
Everything to lose and no alibi

(CHORUS)

Baby when you got a secret love  
Nothin' you can do but rise above  
Secretly you know I'd follow  
Anywhere to make you happy

When do I cry  
This breakin' heart  
Just hurts me more  
When we're apart  
And there are two of us  
With our secret love (together we can take away the

time and the space)

REPEAT CHORUS (FADE
