Verse 1

With these words we speak of love
It's hard for us to end
It's all a fallacy
That people do pretend

Release 1

The changes that I see
I tremble and I shake
Were down in history
For only one mistake

Chorus

So far so good
So far so good
Twentieth century , sole survivor
So far so good
no neighbourhood
I can't escape your fire

Verse 2

I won't be far away
Don't worry about the night
And I will take away
The trouble in your life

Release 2

When danger follows
It will take you by surprise
No desert island
You can run to when you hide

Chorus

Bridge

It's such a tragedy
To fight for what we cannot win
And all our golden days are gone forever
