Wine and women and song will only make me sad
Love and kisses and hugs , the things I never had
If this should end , I don't mind
If this should end , I will find
What shall I do (what shall I do)
What shall I do (what shall I do)

Cars and buses and trams make alot of noise
All my women have gone out with other boys
If this should end , I don't mind
If this should end, I will find
I won't complain (I won't complain)
I feel no pain (I feel no pain)

(break)

Ooh..
If this should end , I don't mind
If this should end , I will find
I won't complain (I won't complain)
I feel no pain (I feel no pain)

Wine and women and song will only make me sad
Love and kisses and hugs the thing I never had
If this should end , I don't mind
If this should end, I will find
I won't complain (I won't complain)
I feel no pain (I feel no pain)
I won't complain .. cry
Ooh....
