It's the only time  
My memory deletes  
Something I don't want to know anymore  
Those visions which I eliminate  
Destruction of a conscious mind

In my early days  
Complicated applications  
When my ghost accepts all forms of intrusions

Taste you, Help you, Test you  
Try to find a way  
Taste you, Help you, Test you  
When your heart is crying  
You're away  
When your dove dies

I try  
Mini mental state examination  
I'm erasing those deeply engraved haunted visions  
Corrupting impulsive reactions  
Special memory disorder

Taste you, Help you, Test you  
Try to find a way  
Taste you, Help you, Test you  
When your heart is crying  
Taste you, Help you, Test you  
You're away  
Taste you, Help you, Test you  
When your dove dies

Early Phases  
Anger Extreme  
Early Phases  
Anger Extreme

Now, I bury images  
To the deepest place in my head  
Dry the blood which is my dreams  
I won't be serene till the end
