Cross
Battlements, eliminate troubles
Lose
Your control, keep it in mind
Keep
In the background, cover your double
Crush
Enemies, shoot them on sight

Cut
Your bonds, your chains, your arms
Steal
Your freedom, intimidate your child
Test
Energy, don't raise the alarm
Hit
The sentry, pull out your exile

So you'll rise

Choose your side
I swallow your bleeding
Hate my side
Get in mutiny
Here come sight
Right in my heart
Don't say now
I'm nowhere

Pay
The distance, possession of your mind
Call
The thing you have created
Hate
Your victims, no matter, any kind
Stay,
The only conclusion: Admitted

So you'll rise

Don't think, my life is mine

You'll see, your life is mine

Leave

Messages of your next homicide

Give

Details, of your escape

Fall

Can't fear, can't slay within light

Break

Reflections, compelled to reshape

Now we rise
