### "Sausalito"

Visit "[Sausalito](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Crusin' 'round 'round fell out of my boat  
Swam around swam around started to float  
Floated 'round 'round came in on the flow  
There I found, there I found Sausalito

Drinkin' pea-green it's all in the view [need help with  
this line!]

Every shade marmalade every hue  
Houses on stilts grow out of the sea  
Everything's growin' there, it's growin' for me

You gotta go there, everything grows there  
When you get high on a mountain it snows there  
Everything's groovy like in a movie  
Sausalito is the place to go to

Sunnin' all day, lovin'all night  
Write a bit, fight a bit got it just right  
Music and flowers the sight and the sound  
Fish a bit, wish a bit magic's all 'round

You gotta go there, everything grows there  
When you get high on a mountain it snows there  
Everything's groovy like in a movie  
Sausalito is the place to go to . . . now

You gotta go there, everything grows there  
When you get high on a mountain it snows there  
Everything's groovy like in a movie  
You gotta go there  
You gotta go there
