See them rule these streets at night  
Selling souls and dealing highs  
Running with their smoking guns  
Talking tough of damage done  
Revolution in their minds  
Only way they know is crime  
Killing children with their fix  
While they wear a crucifix

They are the voice  
There is no choice  
In the name of the father and the gun

Cities held by strangle hold  
How to free them no one knows  
There is no near end in sight  
Those who try just lose the fight  
Bonded by their colors worn  
A violent way of life is born  
Everyone's your enemy  
Addiction is pure slavery  
Death on our streets  
But no one speaks  
In the name of the father and the gun

[Chorus:]  
In the name of the father  
In the name of all that's wrong  
All's said and done  
In the name of the gun  
In the eyes of a guilty man  
His work is done

Now there's nowhere safe around  
From the slums to chinatown  
Home's become a living hell  
Take me to the wishing well  
Get me off these streets of fear  
Someone get me out of here  
Turn my head and look away  
Free me from the endless shame

Take me away  
I will not pray  
In the name of the father, and the gun...

[Chorus]
