Let the night begin  
Come and take my hand  
Won't you walk with me  
To the promised land  
Bring your dreams along  
And anything that you desire  
Sometimes what we want  
Only throws us in the fire  
You walk the streets  
No one knows your name  
All the people stare  
But they don't share your pain  
Waiting for tomorrow  
Living each day as your last  
Numb to all the sorrow  
In the nightmare of your past

[Chorus:]  
Someone gets me out of here  
Suicide City  
I can't take this anymore  
Suicide City  
I don't want to die alone  
Suicide City  
Someone please... help me

When you pray tonight  
Please say one for me  
Don't let these city lights  
Steal my soul without a fight  
Living emptyhanded  
No one's as they seem to be  
Looking at the ashes  
Of what were once such sweet  
Dreams

[Chorus]
