"A New Day"

Visit "[A New Day](#)" on MotoLyrics.com

Before the light I found the dark
Before tonight I fell apart
Frozen up I've realized
That something's gotta change

It took a crash to understand
Time kept slipping through my hands
I never used to know
The sun will shine after the rain

[chorus]

Say goodbye, say goodbye to the way I was before
Say hello, say hello to a new way
I was lost, but I found what I was looking for
Waking up, waking up to a new day
To a new day

I was sleeping in a twisted dream
Dying just to make believe
A pretty situation was far from where I was

But I'm not up for giving up
Lying down and out of luck
My mistakes are in the open, and now I'm finally
coming clean

[chorus]

Say goodbye, say goodbye to the way I was before
Say hello, say hello to a new way
I was lost, but I found what I was looking for
Waking up, waking up to a new day

[bridge]

'Cause everything, everything ends at the start
I'm healing and feeling all of my scars

[chorus]

Say goodbye, say goodbye to the way I was before
Say hello, say hello to a new way
I was lost, but I found what I was looking for
Waking up, waking up to a new day

To a new day
To a new day

I was lost, but I found what I was looking for
Waking up, waking up to a new day
