Somebody said everyday was gon' be sunny skies
Only Marvin Gaye and lingerie, I guess somebody lied
Started discussing it to fighting then don't touch me
please
Then it's let's stop the madness, just come lay with me
Truth be told, I'm waving my flag before it goes bad

Cause we made it this far on for better or worse
I want to feel it even if it hurts
If I gotta cry to get to the other side
Let's go cause we gon' survive

We stay on the frontlines, yeah but we're still here after
the bomb drops
We go so hard, we lose control
The fire starts, then we explode
When the smoke clears, we dry our tears
Only in love and war

Sometimes you're my general
You quarterback all these plays
Sometimes you're my enemy
And I'm throwing grenades
We'll just be chillin' and laughing
And I'm laying on your chest
Don't know what happen, cause things just went left
But here we go back down that road
That's just the way that it goes

Cause we made it this far on for better or worse
I want to feel it even if it hurts
If I gotta cry to get to the other side
As long as you're there I'll survive

We stay on the frontlines, yeah but we're still here after
the bomb drops
We go so hard, we lose control
The fire starts, then we explode
When the smoke clears, we dry our tears
Only in love and war

As long as we make up after every fight when it's over
You know I'm coming home
Right back where I belong
I take it up inside me

And We stay on the frontlines, yeah but we're still here
after the bomb drops
We go so hard, we lose control
The fire starts, then we explode
When the smoke clears, we dry our tears
Only in love and war
