You know very well who you are
You're the only one, you've got my heart
You've had a few, boy one too many
But I'm the only one to wake you up

Chorus:

Here we go,
I noticed the way we kissed, it felt so personal
You took the chance to win my love and now you know
(It was all a dream)
I don't even know one name
Without you I'm incomplete
Love is just like the ?
Put it all on me
Nobody else
Baby all need is you
You are the one I want
Nobody else
Baby all need is you
You are the one I want

Feeling very well, you're the star
If I don't go that far, look where we are
? you, one in a million
But I'm the only one to count you

Chorus:

So personal
You took the chance to win my love and now you know
(It was all a dream)
I don't even know one name
Without you I'm incomplete
Love is just like the ?
Put it all on me
Yeah

Baby all I need is you
You are the one I want
Nobody else
Baby all I need is you
You are the one I want

Chorus:

I noticed the way we kissed, it felt so personal
You took the chance to win my love and now you know
I don't even know one name
Without you I'm incomplete
Love is just like the ?
Put it all on me
Yeah
Put it all on me baby
Put it all on me
Yeah, yeah
