That feels so good

You know that I do love you babe
But I don't want to rush it babe
Today I wanna hold you
Tomorrow I will give you more, yeah

I wanna take my time with you
So I can make it right with you
That's how it used to be
I only wanna give you more, like when

When love was love, when a kiss was a kiss
That's what I miss and that's the way it should be
When a man was a man, when forever was a plan
And people still hold hands and that's the way it should be

I wanna take long walks with you
And share all of my thoughts with you
I wonder how you see your dreams
'Cause I see all my dreams in you, ohh, baby

Remember nights that we never met
Creeping in with love when we were friends
I wish we could bring back
Those day when we were friends

When love was love, when a kiss was a kiss
That's what I miss and that's the way it should be
When a man was a man, when forever was a plan
And people still hold hands and that's the way it should be

When love was love, when a kiss was a kiss
That's what I miss and that's the way it should be
When a man was a man, when forever was a plan
And people still hold hands and that's the way it should be

I want you baby, ohh, ohh
When love was love

When a kiss was a kiss
That's what I miss

Tell that you belong to me
Make me secure, hold me at night
Take my troubles away
I wish we could go back to the days when

When love was love, when a kiss was a kiss
That's what I miss and that's the way it should be
When a man was a man, when forever was a plan
And people still hold hands and that's the way it should
be

When love was love, when a kiss was a kiss
That's what I miss and that's the way it should be
When a man was a man, when forever was a plan
And people still hold hands and that's the way it should
be

Ooh, when you love me
When you hold me
When you love me
