Another yellow cab
Takes me back
But it is what it is
What's done is done
I'm not used to this, freedom
But it is what it is
The meter runs
I'm feeling numb

[chorus]
Tell me that this all means something
Tell me that there's light at the end
Tell me that I won't be here dying
On this ride maybe I can begin
To transcend
Transcend

Maybe years from now
We'll look back
And learn to forgive
This broken pact
Suitcase in the rain
Moving on
'Cause it is what it is
What's done is done
Sometimes we're wrong

[chorus]
Tell me that this all means something
Tell me that there's light at the end
Tell me that I won't be here dying
On this ride maybe I can begin
To transcend
Transcend

And I'll find that grace
In another place
There's a chance out there
That I've gotta take

And I'll find that grace

In another place
There's a chance out there
That I've gotta take

[chorus]
Tell me that this all means something
Tell me that there's light at the end
Tell me that I won't be dying
On this ride maybe I can begin
To transcend
Transcend
