#### Intro:

I told my baby not to wake me  
Not even for a cup of tea

#### Chorus

Who could it be now  
Who could it be now  
Who could it be now  
Knocking on the rastaman's door

#### Verse 1

I've got to get myself away  
And find me a place where I'll be free  
City life is getting me down  
Even when I sleep I'm wearing a frown  
It couldn't be the landlord  
Could it be my baby?  
I told her not to wake me  
Not even for a cup of tea

#### Repeat Chorus (2x)

#### Verse 2

I'm in deep meditation  
Trying to find myself  
Don't need no provocation  
It's a minute after twelve  
Now who dares to disturb  
My tranquility  
When I'm meditating on the Almighty

#### Repeat Chorus

#### Repeat Verse 1
