Born To Try - delta goodrem

Doing everything that I believe in
Going by the rules that I've been taught
More understanding of what's around me
And protected from the walls of love

All that you see is me
And all I truly believe

That I was born to try
I've learned to love
Be understanding
And believe in life
But you've got to make choices
Be wrong or right
Sometimes you've got to sacrifice the things you like

But I was born to try

No point in talking what you should have been
And regretting the things that went on
Life's full of mistakes, destinies and fate
Remove the clouds look at the bigger picture

And all that you see is me
And all I truly believe

That I was born to try
I've learned to love
Be understanding
And believe in life
But you've got to make choices
Be wrong or right
Sometimes you've got to sacrifice the things you like

But I was born to try

All that you see is me
All I truly believe
All that you see is me

And all I truly believe

That I was born to try

I've learned to love

Be understanding

And believe in life

But you've got to make choices

Be wrong or right

Sometimes you've got to sacrifice the things you like

But I was born to try

But you've got to make choices

Be wrong or right

Sometimes you've got to sacrifice the things you like

But I was born to try
