Hey Grandma, you're so young  
Your old man's just a boy  
\*It's been a long time but this time  
Bye bye bye  
It's been a long time but this time  
Bye bye bye  
It's been a long time  
This time round, this time round  
Everything's upside-down, upside-down  
It's gonna be good, you're looking so good  
It's gonna be good  
Hey except for these things on my mind  
They're all sins, it's just a waste of time  
But we're gonna have this time  
Bye bye bye  
But we're gonna have this time  
Bye bye bye  
But we're gonna have this time round  
This time round  
Everything's upside-down, upside-down  
It's gonna be good, You're looking so good  
It's gonna be good  
\*\*Oh... will make me feel so fine  
Oh.....  
(\*repeat)  
(\*\*repeat)  
(\*reprat)  
A long time this time round, this time round  
Everything is upside-down, upside-down
