Friday night and everything's right on the weekend  
Crazy clothes and anything goes on the weekend  
John called in and Jim got Sue  
I made a date with a little ol' Jew  
Off he went to make a date on the weekend  
No harm done, just having some fun on the weekend  
Cartop down, just a ridin' around on the weekend  
Took a ride to Lookout Hill  
The view up there was sure a thrill  
That was all, we had a big fall on the weekend  
There we were just sitting cool and cozy  
I just had time to steal a little kiss  
A police with a flashlight tried to nose in  
He said, "Holy Mackerel there, what is all this?"  
No harm done just having some fun on the weekend  
Took a chance on crashin' a dance on the weekend  
We were almost inside the place  
Then some boy slammed the door in my face  
"Hey you guys, you gotta wear ties on the weekend  
Crazy clothes and anything goes on the weekend  
That was all we had a big ball on the weekend
