You told me you would love me forever  
You told me you would always do me right, oh  
When you said that you had to leave I thought I would  
die  
When I didn't have you right by my side  
Now I'm Over You

1 - Now I'm over You, I knew I would get over you  
No matter how long it takes  
Now I'm over you, I knew I would get over you  
I wanna thank you for walkin' out my life

Remember when we made love at night, hmm, hmm,  
hmm  
Remember when you kissed and held me tight, oh ye-  
yea-yeah  
Remember when you promised that I'll never cry  
You know I cried myself to sleep every night  
That's why I'm over you, oh  
Repeat 1

What about my feelings?  
What about my pride?  
What about my heart I gave to you?  
What about the years I was blind.  
What what about the times I picked you up when you  
were down  
But I guess it don't mean the same to you  
That's why I can't get over you, whoa

Repeat 1 (2x)

For getting me over you, oh...
