Oh, yeah
Oh...oh...oh...oh...oh...

It's two nights, seven days
Seven nights for the very first time we met
I felt scared, a first kiss
And I remember it just like it was yesterday

And boy, you know that I care for you
But we've got to slow it down

'Cause once you fall out of love
You don't wanna rush back into it
And once you feel pain, darlin'
You don't wanna rush back into it once again
Once again, once again

Hoo...ooh...yeah

You whisper things in my ear
You know that every single woman in the world likes to
hear
Those three words, how I wish
That you would be the man that I would spend my life
with

And boy, as much as I care for you
We've got to slow it down, slow it down

'Cause once you fall out of love
You don't wanna rush back into it
And once you feel pain, darlin'
You don't wanna rush back into it once again
Once again, once again
I've been in love a long time ago
And I've been through pain with this man from my past
And you say that you'll never hurt me, so you say
Could this be a night of fear
Or could this be a fantasy
Please let me know , Lord

Oh, just once

You gotta let me know, know
One time, oh, one time
Gotta let me know
I glad you know
Oh...oh...

Once you fall out of love
You don't wanna rush back into it
Once you feel pain
You don't wanna rush back into it

Once you fall out of love
You don't wanna rush back into it
Once you feel pain
You don't wanna rush back into it

Please let me know, Lord

Just once
I'll sit beside you, sit beside you
Once
'Cause I don't wanna be hurt once again
