[VERSE 1]:

Drink in my cup, solden up, on the high, feel the rush
And the djâ€™s playing my song (uh oo)
You got me going in, me and my girls, see the boys
that show me love
Feeling this good has gotta be wrong (uh oo)

Iâ€™m bout to put it down, put it down
Down on the bullshit, but I came to bullshit, and party
You know itâ€™s going down, going down
Got my song on replay
While Iâ€™m on my way to the middle of the floor

[CHORUS]:

They gonna be watching me tonight
Yup I know, I know it, I know it
They keeping they eyes on me tonight
Yup I know, I know it, I know it
They goin' watch me get it on the floor
They goin' watch me get it on the floor
Then they really wanna feel it on the floor
Make me really wanna feel it on the floor
Right now, feel it on the floor
They goin' watch me get it on the floor
They gonna be watching me tonight

[VERSE 2]:

Sit down my drink, Iâ€™m going in
I donâ€™t wanna spill it, Iâ€™m going in
But the way that beat be knockin itâ€™s on (uh oo)
You know Iâ€™m all ready, dip set
Donâ€™t wanna hear what you said
Donâ€™t trip and miss sleep in my zone, yeah

Iâ€™m bout to put it down, put it down (DOWN)
Bullshit, but I came to bullshit, and party
You know itâ€™s going down, going down
Got my song on replay
While Iâ€™m on my way to the middle of the floor

[CHORUS]:

They gonna be watching me tonight
Yup I know, I know it, I know it
They keeping they eyes on me tonight
Yup I know, I know it, I know it
They goin' watch me get it on the floor
They goin' watch me get it on the floor
Then they really wanna feel it on the floor
Make me really wanna feel it on the floor
Right now, feel it on the floor
They goin' watch me get it on the floor
They gonna be watching me tonight

UH!

AND YOU GOIN' BE WATCHING ME!!!!

[CHORUS]:

They gonna be watching me tonight
Yup I know, I know it, I know it
They keeping they eyes on me tonight
Yup I know, I know it, I know it
They goin' watch me get it on the floor
They goin' watch me get it on the floor
Then they really wanna feel it on the floor
Make me really wanna feel it on the floor
Right now, feel it on the floor
They goin' watch me get it on the floor
They gonna be watching me tonight
