They said you'd be here tonight
So I came alone
I wish that you'd done the same
I saw you kiss him goodnight
When you looked at me
You had that look in your eye
(Ay Amor)
You want it
Like I want it
Taste the Danger
You've got that look in your eye
(Ay Amor)
You need it
Can't control it
Just remember
Who as the first in your life
Chorus
Lock All the doors and throw out the key
He'll never know that you're here with me
So come on girl there's no time to waste
Taste it again in our secret place
You say that he treats you right
That he cares for you
I lost my chance yesterday
Stop playing, don't try to hide
'Cause I turn you on
You've got that look in your eye
(Ay Amor)
You want it
Like I want it
Taste the danger
I know you're burning inside
You need it
Can't control it
Just remember
Who was the ride of your life
Alone again
No one's around
Let me love you so
No one has to know
Let me show you I'll drive you crazy until the end
