She lost her innocent eyes
Though for some they still gleam
Found six tall pillars
For her self-esteem

Told her I admire
Her strength of body and mind
She said, "God gave you the portion you needed
And He gave me mine"

Crossbones and butterflies
From your chrysalis you'd arise
Wings of silk, soul of steel inside
Be it fight or flight
True beauty survives

She found her vigilant voice
In dark metal and ink
Sketched out her angst in
Panthera that dare not blink

Reborn like a phoenix
From the fires of hell
Says her soul knows Jesus
And she's met the Devil as well

Crossbones and butterflies
From your chrysalis you'd arise
Regal tigress with wounded eyes
Be it fight or flight
True beauty survives

She's a lover and a fighter
And her heart's been burning brighter
'Cause the warrior deep inside 'o her
Fights the lie that she's
Not worthy of love

Worthy of love
Joy and love
Worthy of love

Joy and love
Worthy of
Joy and love
Worthy of love

Crossbones and butterflies
From your chrysalis you'd arise
Wings of silk, soul of steel inside
Be it fight or flight
True beauty survives
