"Base Of Love"

Now it's the time to get something set
Rhythm and drums and the booming track
The base of love in the world to see
How children live in harmony
These things are not from heaven sent
But I will demand
I sought everywhere and all around
Even on the floor and do not count

Come to the stairs to somewhere in the sky
Show me a star and don't ask me why
Show me the way to a place of love
Show me all the way to the base of love
The base of love. The base of love
The base of love. The base of love

Ooh na na na na na na na na

Get on the dance floor people you feel free
Do that kiss and I and G.
Wave them hands up in the air
And feel the love from everywhere
It's not I think but very nice
Hope you felt this more than twice
From the sky and all above
Come on see the base of love
