I, I don't wanna feel this pain, anymore.
And I, I don't wanna be your prisoner anymore.
Tell me, tell me you would die for me.
Oh, make me un---.
Save me from captivity.

I've been waiting, waiting for the day that never comes.
I'm still searching for a gleam of something to hold on.
Try, I really wanted you to try.
But, I'll compromise.

I want you to lie to me, so I can feel alive.
I want you to trust me, say the words I ---.
It's easy, when you lie to me.
Save me from reality.
I want you to lie, lie to me.

Let me, carry you far away.
From all of this darkness.
I wanna hear you speak my name.
You found the flames, burning inside of me.
You're responsible, for stripping me of all my pride and
dignity.
We can't, woman.
You don't understand the scars, I'm hiding.
My heart is like a dagaty, beside your careless hand.
Try, I really wanted you to try.
But, I'll compromise.

I want you to lie to me, so I can feel alive.
I want you to trust me, say the words I ---.
It's easy, when you lie to me.
Save me from reality.
I want you to lie, lie to me, lie to me.
I'm absest.

I need to hide you ---.
Am I the hunter or am I the prier.
Stuck in you at night, and I know.
I'll end up being your sacrifice.

I want you to lie to me, so I can feel alive.
I want you to trust me, say the words I ---.
It's easy, when you lie to me.
Save me from reality.
I want you to lie, lie to me.

Tell me, tell me you would die for me.
