My heart is screaming out your name.

Night falls, my mind recalls.  
The sound of your heart beating.  
Thoughts of your thousands kisses, burning on my skin.  
I feel your desire, as the moonlight lingers in the sky.  
I'm walking through fire, can't you hear me when I cry.

One night of passion, one night of hunger.  
And my attraction is getting stronger.  
I need to feel you, I need to hold you.  
I can't deny 'cause, my heart is screaming out your name.  
My heart is screaming out your name.

Tonight I won't be alone, doesn't mean that I'm not lonely.  
One minute is like an hour.  
Until you come my way. (Until you come my..)  
I feel your desire, as the moonlight lingers in the sky.  
I'm walking through fire, can't you hear me when I cry.

One night of passion, one night of hunger.  
And my attraction is getting stronger.  
I need to feel you, I need to hold you.  
I can't deny 'cause, my heart is screaming out your name.  
My heart is screaming out your name.  
Oh, yeah!

And every time, you're not around.  
You're the thought within my mind.  
Hold me near, never fear.  
I'm right beside.

One night of passion, one night of hunger.  
And my attraction is getting stronger.  
I need to feel you, I need to hold you.  
I can't deny 'cause, my heart is screaming out your name.

My heart is screaming out your name.

One night of passion, one night of hunger.  
And my attraction is getting stronger.  
I need to feel you, I need to hold you.  
I can't deny 'cause, my heart is screaming out your  
name.
