"Dance Of Might"

HOLD THE GIFT of Fire
Hold the Gift of Hate
Hold the Nightmares Secret
An Image in your Mind of An Animal
Eating you up from the Inside out
Spirit of the Wolf placed inside you
The Wolf Frights my Battles
Feel the Price of Weakness
Out from the Darkness Closing in
All the Pain in the World can't stop me
The Heart you Hear is not your own
Your Heart stopped as Darkness came
And won't start till Dawn of Night
Slaying the Light
I see the Pain in their Eyes
Before the Soul of Christ is raped
Let them be Tortured by their own Hand
All forms of Evil
From all Corners of this Earth
Fulfil my Destiny
Fight the Battle, don't wait in Silence
Dance with the Devil, the Dance of Might
Living in the Shadows, avoiding the Light
