COME TO ME, I've got your soul  
Walk to the Gate of Emptiness  
Search and you will find  
To the Land of Sorrow  
The Passage to the Kingdom of no Return  
The Wintermoon is clear,  
The Voices are so strong  
The Goat is on his Throne,  
The Sixth Throne of Darkness  
Beloved by the Whores of the Underworld  
I Live in the Shadows, and have my Mortality  
Like a Tomb, my Soul burns like an Icon  
Far away from Reality, in another Distance  
Come to me, I've got your Soul  
Walk to the Gate Of Emptiness  
Search and you will find  
To the Land of Sorrow  
The Passage to the Kingdom of no Return  
Take Lucifer's hand  
And follow him to his Kingdom of Pride  
The Glorified Throne  
With his six Dogs at his side  
Hell is coming so walk by my side  
To the Kingdom of no Return
