stalked by the benefactors are brute bestial figures in  
mind the whisperer dispersing  
uncertainty a savage provoked by mankind penetration  
of virginity as verses spoken we would  
like to see obliteration exercised on humanity cursing  
the spine of existence the ultimate  
tool of conspiracy take pride in afflicting suffering a  
possession of medieval cause  
distorters of cerebral carnage assassinate with  
sacrificial intent corrupted sanity  
lack of vision dehumanizing the means alienating the  
prey sowing the seed of condemnation  
urigin the victim to self  
inflicted demise facing the selection of vanity vanity  
created by corruption the  
whisperes dispersing uncertainty a savage provoked  
by mankind the ultimate tool of  
conspiracy assigned by a mind deceit
