I'm waiting, I'm faking
This time I'm gonna let it fly
I'm dreaming, I'm screaming
But, no words will make it die
You ought to care for,
all you'd run away from
Now, are you running away?
You may be living,
Whenever you're dreaming
Now, are you running away?

At the end of the line, you will say:
No more anymore
No more anymore
At the end of the line, you will say:
I'll be coming back someday

Chorus

Your' screaming all the same again
Your' feeling all same shit again
I'm gonna live it all
Your' dreaming all the same again
Your' feeling all same shit again
I'm gonna live it all

You feel it coming again
You feel it living within
You feel it coming again
You feel it living within
You ought to care for,
all you'd run away from
Now, are you running away?
You may be living,
Whenever you're dreaming
Now, are you running away?

At the end of the line, you will say:
No more anymore
No more anymore
At the end of the line, you will say:

I'll be coming back someday

Chorus

Solo

Life is torn in hearts foundation
This is your own demolition
Make it cross your incompleteness
Feel this shit for any reason?

Times when you runaway
And bleeding everyday
Living fast, dying hard
Giving life a facial

Times when you imitate
And make the fool of faith
(Just) Be yourself, feel the core
We won't bleed here anymore

Chorus
