

Faceless, The "Xenochrist"

Shepherd of deception
Cloaked in the skin of their own
Waits in incubation to spread disease
A sinister growth gestating in the whore of God
A parasite's host; glorified charlatan
A virgin womb defiled with the slithering
parasitic seed of the xenochrist
Adequately equipped with weapons of manipulation
Prophet of contamination
Bow to the savior of the fearful and desperate
Lured with the promise of eternal life
(An enigmatic) sentinel of malevolence
Dispensing false salvation
Prophet of contamination
Bethlehem will burn
Shepherd of deception
Prophet of infection
Behold the xenochrist
