Headin' out we're gonna meet the crew

But first we stop, the boys want brew

they want brew

Nooo

They're under age, we wait and tap

An hour goes by I start to laugh

I laugh out loud

Let's go get Cokes

Anything else will make me choke

7-11 gulps are the best

I won't settle for anything less, I won't stand for  
anything less

So let's go get cokes Anything else will make me choke

I won't settle for anything less, I won't stand for  
anything less

Drink what you want, it's okay

But I'll take Cokes any time of the day

"Hey mack, you wanna Pepsi?"

No way

Cokes are fun the fluid second to none

Drink those liters and go have fun.go have fun

Let's go get Cokes

Anything else will make me choke

7-11 gulps are the best

I won't settle for anything less, I won't stand for  
anything less

And let's go get cokes Anything else will make me  
choke

I won't settle for anything less, I won't stand for  
anything less go

Let's go get Cokes

Anything else will make me choke

7-11 gulps are the best

I won't settle for anything less, I won't stand for  
anything less

let's go get cokes Anything else is gonna make me  
choke

I won't settle for anything less, I won't stand for  
anything less

And let's go get cokes Anything else will make me  
choke

I won't settle for anything less, I won't stand for  
anything less go

Let's go get Cokes

Anything else will make me choke

7-11 gulps are the best

I won't settle for anything less

So let's go get cokes anything else will make me choke  
now choke
