You bite your lip
You keep pretending that you're made of stone
You never let it show
But everybody knows
Girls can make you cry

You find it hard
To open up so you walk away
It dont matter where you go
cause everybody knows
Girls can make you cry

Don't try
To make me feel I should be weaker
You'll find
It's you that's wrapped around my finger
'Cos deep inside
Girls can make you cry

You act so tough
You like to think you're indestructible
But it only takes one blow
Everybody knows
Girls can make you cry

Deep inside
You got emotions that are running wild
But it's out of your control
And everybody knows
Girls can make you cry

So don't try
To make me feel I should be weaker
You'll find
It's you that's wrapped around my finger
'Cos deep inside
Girls can make you cry

Even when you're hurting
I wonder why you just act like every other guy
But I'm not joking

'Cos I know
Girls can make you cry

So don't try
To make me feel I should be weaker
You'll find
It's you that's wrapped around my finger
You can't deny
Don't try to fight
'Cos deep inside
Girls can make you cry
