Do you love yourself?
Do you love anyone?
Coz you stay for a while
And you take what you want
And then you're gone
And I ask myself
Will you ever change?
And I know that you try anything that you might
But you stay the same

And know I wish I never listened to you
I must be out of my mind

I found out you've been messing around
I heard it was all around town
You said that nothing went down
But I don't know if I believe you, baby
It's time to leave you, baby
And I don't mean maybe

I've had enough
Don't want you anymore
You can beg you can plead
You can fall to your knees
But now I'm sure

I will be glad to see you walking away
Don't bother saying goodbye

I found out you've been messing around
I heard it was all around town
You said that nothing went down
But I don't know if I believe you, baby
It's time to leave you, baby
And I don't mean maybe
Na na na na na na
And I don't mean maybe

You're never gonna understand
I'm never gonna give a damn
I mean it and I won't back down

I'm sick of being second best
And your uninvited guest
I mean it baby there's no doubt

Doo doo doo doo
Doo doo doo doo
It's time to leave you baby
And I don't mean maybe
Na na na na na na
And I don't mean maybe
Na na na na na na
Na na na na na na
Na na na na na na
Na na na na na na
Na na na na na na

I found out you've been messing around
I heard it was all around town
You said that nothing went down
But I don't know if I believe you, baby
It's time to leave you, baby
And I don't mean maybe
Na na na na na na
And I don't mean maybe
Na na na na na na
Na na na na na na
Na na na na na na
And I don't mean maybe
