I've been lying here for like a million years in my bed  
Get up, get up, get up  
All the time I can hear you talking in my head  
Shut up, shut up, shut up

Everybody says I should be moving on  
Everybody knows, I'm still waiting

I don't care whatever  
It takes to be with you  
You're under my skin and  
No matter what I do  
I'm nothing without you  
So I'll do whatever it takes

I've been thinking about how I could have done things  
differently  
Give up, give up, give up  
Yesterday I could have sworn I heard you calling me  
Wake up, wake up, wake up

Everybody says, "Baby, life goes on"  
Everybody knows, I'm still waiting

I don't care whatever  
It takes to be with you  
You're under my skin and  
No matter what I do  
I'm nothing without you  
So I'll do whatever

I'll do whatever it takes  
Nothing will stand in my way  
We had it good  
I want it back  
I know you're feeling the same  
I'll do whatever it takes

I don't care whatever  
It takes to be with you  
You're under my skin and

No matter what I do  
I'm nothing without you  
I have to be with you  
So I'll do whatever it takes
