I meant what i said when i said bye bye
No matter how you beg no matter how you cry
Gwaan back a you yard an gwaan dry you eye
Caa me nah go take you back no matter how you try
now you wan fi knock knock off me door
Bout you caan cant sleep a you heart feel sore
Bout you can eat and you cant take no more
Well you have fi starve you nah come back fi sure

Chorus (repeat 2x)

Never really wanted anything more from you
i only wanted you to love me the way i do
is that so much for you it seems your dirty attitude will
leave you all alone and only singing the blues
bet you never thought that i would leave so easily

now i got you heart broken and beggin on your knees
tellin me about you life and how its incomplete
Cant even go to sleep cause all you thinking bout is me
me me
tammi me mee
