When I get home from work
I'm gonna wrap myself around you
I'm gonna reach out and touch you
till the passion starts to rise

I'd like to take you to heaven
That would make my day complete
You and me ain't no movie stars
What we are is what we are
We share a bed for lovin and TV
That's enough for a working man
Cause what I am is what I am
Let me tell you girl you're just enough for me

Sometimes when you're asleep
And I'm just staring at the cieling
I wanna reach out and touch you
But you just go on dreaming

I'd like to take you to heaven
That would make my day complete
You and me ain't no super stars
What we are is what we are
We share a bed for lovin and TV
That's enough for a working man
Cuase what I am is what I am
Let me tell you girl you're just enough for me

I'd like to take you to heaven
That would make my day complete
You and me ain't no movie stars
What we are is what we are
We share a bed for lovin and TV
That's enough for a working man
Cuase what I am is what I am
Let me tell you girl you're just enough for me

You and me ain't no movie stars
What we are is what we are
We share a bed for lovin and TV
That's enough for a working man

Cuase what I am is what I am
Let me tell you girl you're just enough for me

You and me ain't no super stars
What we are is what we are
We share a bed for lovin and TV
That's enough for a working man
Cuase what I am is what I am
Let me tell you girl you're just enough for me

Enough for me
