

Fair Sex, The "Outraged And Moved"

Taste that silence and starve
Heartache, taste heartache
And paly the game of
Bite - release - bite
O! Surprise! Injured!
Torrents and torments
Blade of hate, blade of love
(That is) "Splendid!" "Important!"
It's all a matter of
Bite - release - bite
They could not love it
So they bit it
The stoughtest might fall for
the sex and the rules if

Bite - release - bite
No love: no breakdowns
No hurts: no blessed times
"It's all too unkind"
Bite - release - bite
Ways to sirens: there are
Thousands and more
Hot fey mood: Hate
Hot fey mood: Love
Too ludicrous a game
Bite - release - bite
