All I want?

Tonight is gonna be so hard to bear
I know when I wake you won't be there

No sound let the candles all burn down
Baby I'm gonna take you to a higher ground? higher
ground

Chorus:

Love me one more time - I want to feel your heartbeat
next to mine, yeah

Love me one more time - I want to feel your body
through the night, yeah

Hold me in your arms? before we say goodbye
Just love me one more time, oh yeah

No sense when this world takes you away
No joy in a life without you each day
Your name is on my lips and in my heart, oh yeah
Hold me, just hold me till we're torn apart? torn apart

Chorus

It's out of my hands completely
I'm laying it all on the line, oh yeah
I want to wrap myself in your arms girl, oh yeah
And you know everything will be fine? everything will be
fine

Love me one more time - I want to feel your heartbeat
next to mine, yeah
Love me one more time - I want to feel your body
through the night, yeah
Hold me in your arms? before we say goodbye
Just hold me in your arms? before the morninglight...
Before we say goodbye
