Let me give you a place to go  
A page of feeling, flame of hope  
You know that I don't think much of love  
But read my story, it will tell you all?

Chorus

A Prince with no feeling  
A tale of love and woe  
A girl with strong healing  
It happened long ago

You captured all my demons  
I got lost you're spell  
You took out me out of limbo  
And rescued me from hell

I'm a survivor, a rebel with the scars  
A fallen angel, a long forgotten star  
Give me glory from above  
Mine is your story, it will tell you all?

Chorus

You who made me feel like this  
Never thought you might exist  
All I know is when we kiss

Chorus
