Verse 1

I got the rhythm and the flow
Step in and dance. I get them from go
Cus they're saying that they're stars but they ain't original
They claiming that they're balling den we kick em to the flow
Because we moving very rapidly
Call me but don't answer me
Art like Galleries
Bars like calories
Can't see my salary
Locked up in the Sanctuary
Killing this beat so they better call an Ambulance

Chorus

They saying that we ain't the best
They saying we think like the rest
You know we're gonna
Get to the top because we are next
Watch how we just up the levels

Verse 2

Beat it like an MJ classic
You don't wanna see me in my MJ Jacket
Dammit Janet I've had it with
I don't really care what your friends say Alex
They saying that I am Incredible
I damage the track I need medical
I'm fed up with them being federal
They saying my flow is so Terrible
But never the less I'll be edible
Forever be blessed on a pedis tool
Whatever the weather I'm clever I'm telling em never say never I'm better fool

Verse 3

You can find me with the Lions in the jungle

Queen of the dungeon I'm ready to rumble
Long hair don't care tryna be Rapunzel
Don't see my vision must be hiding in the tunnel
So buy it in a bundle
