I saw you the first time.  
The angels staring down and they played  
Black and white showed it fine  
a loving wife and the life we've made  
the tears fell so divine  
A family and a bright new day  
I'll hold your hand close in mine  
just smile and then the devil flies away  
he'll fly away, we'll fly away, we'll fly away  
Your smile's just like the sun  
your rays beam down to kill my sorrow  
I give the world free to run  
but wherever you go I'm sure to follow  
through you eyes my world will shine  
but I'll be there to light your way  
when troubles aren't far behind  
your smile can make the devil fly away  
he'll fly away, we'll fly away, we'll fly away  
When the road I've walked is done  
remember what you've meant to me  
don't rain no sorrow down on me  
'cause loving you has set me free  
life goes on through your eyes  
with what we grew and the stones we've laid  
another day soon you'll see  
so smile again then I'll fly away  
I'll fly away, I'll fly away, I'll fly away
