Friend, I'm glad you called
It's been a long time
Yeah, I'm doin' okay
And I hear he's fine
No, we're not together
Don't apologize
It don't bother me
Given the chance I'd do it all again
Even knowin' how the story ends
I lost a love but gained a friend
So it's all in how you look at things
It's not a sad endin'
Just a new beginnin'
It ain't a love lost
But a lesson learned
And when a storm had passed
There was a rainbow waitin' on me
It was a sure sign the key to life
Isn't always in black or white
It's all in how you look at things
I know it seems to you
That I'm the strong one
Knowin' all my heart had to overcome
You said if it were you
When it were said and done
You'd be on your knees
The truth be told
At first I thought
My whole world was gonna fall apart
'til my mind convinced my heart
It's all in how you look at things
Yeah, it's all in how you look at things
Yeah, it's all in how you look at things
Yeah, it's all in how you look at things
Yeah, it's all in how you look at things
