Try to overthink a simple situation
You can miss your chance
Cause I'm not really looking for a conversation
I just wanna dance

DJ
All day
Playing the right song
Come on and turn it up (come on and turn it up)

Leave me
Standing here
Going on and on
Missing out on all the fun
So stop the talk and dance with me

Dance with me
You know how to do it
What you waiting for
Get on the floor
Dance with me (dance with me)

That's the way you move it
Show me what you got
Stop the talk and dance with me

Talking bout astrology is fascinating
I try to groove with you
How long are you really gonna keep me waiting?
Tell me
Watcha trying to do (watcha trying to do)

DJ
All day
Playing the right songs
Everybody in the house (everybody in the house)

Leave me
Standing here
Going on and on
We're the ones missing out
Shut your mouth and dance with me

Dance with me
You know how to do it
What you waiting for
Get on the floor
Dance with me (dance with me)

That's the way you move it
Show me what you got
Stop the talk and dance with me

Wanna dance all night
Yea
Everybody had a good time
From the outside looking in

When we can be a part of it
Everybody... body... body

Everybody

DJ
All day
Playing the right songs
Come on and turn it up

You and me standing here
You going on and on
Missing out on all the fun
So stop the talk and dance with me

Dance with me
You know how to do it (you know how to do it)
What you waiting for
Get on the floor
Dance with me (dance with me)

That's the way you move it
Show me what you got
Stop the talk and dance with me

Dance with me
You know how to do it
What you waiting for
Get on the floor

Dance with me (dance with me)
That's the way you move it
Show me what you got
So stop the talk and dance with me
