I put on my shades
And walked out the door today
The sunshine, bird sing
Yes I'm alive again

Chorus:

I'm feeling fearless, growing stronger
Not letting your memory linger any longer
I'm just a step away from gettin over you
I swear
I'm gettin there

Time slipped right by
Too many tears I've cried
Wasted, depressed
Glad I've got that off my chest now

Chorus

Took a small step
Took a deep breath
Told myself there's more to life not less
Didn't give up
Didn't give in
This is where the heartache finally ends

Chorus

I'm gettin there (I'm gettin there)
