"Just Freak"

Ah
Ah (yeah)
Ah

When the music takes you don't stop
It's the way you move, you know what to do
Gotta give it everything you got
You know it's true so are you ready to

Do your dance, here's your chance
(Get your body moving)
Do your dance (oh yeah)
(Wanna see you just)
Do your dance, now's your chance
(Get your body grooving)
Now's the time to start the party

Everybody just freak
Go a little crazy
Get the dance floor shaking
Push as far as you can take it
Just freak
Go into your own world
Let your body take over
Go out of control
And just freak

Gotta work it turn it on now
Make it too extreme and set yourself free
No you never wanna slow down
You know it's true
So whatcha gonna do?

Do your dance, here's your chance
(Get your body moving)
Do your dance (come on and get it on now)
(Wanna see you just)
Do your dance, now's your chance
(Get your body grooving)
Now's the time to start the party (yeah yeah yeah)

Everybody just freak
Go a little crazy
Get the dance floor shaking
Push as far as you can take it
Just freak (yeah yeah)
Go into your own world
Let your body take over
Go out of control

And just freak (freak yeah)
Go a little crazy (little crazy)
Get the dance floor shaking
Push as far as you can take it
Just freak (oh yeah yeah)
Go into your own world
Let your body take over
Go out of control
And just freak

No way to stop now
We're going all out
Everybody get your groove on all you want
Take it from the top and just freak

Na na na na na

Everybody just freak (oh yeah)
Go a little crazy
Get the dance floor shaking
Push as far as you can take it
Just freak
Go into your own world
Let your body take over
Go out of control

And just freak (yeah)
Go a little crazy
Get the dance floor shaking
Push as far as you can take it
Just freak
Go into your own world
Let your body take over
Go out of control
And just freak
