Look around at all the things I do  
Yeah it's all for you  
You didn't like the color of my world  
So you dyed it all in blue

Masculine  
Masculine

Girl, you know no man could be a man like you  
You hold me close and tell my how you need more  
room  
It's a funny thing

How you gonna save me like you said  
When you're so confused?  
Yeah you know that you're precious  
It's the weapon that you use

Masculine  
Masculine

Now you're needing something fresh 'cause I'm all  
used  
Too much is not enough for this wild flower to bloom  
It's so funny, it's so funny that you never seem to laugh  
It's so funny, it's so funny that you never seem to laugh  
It's such a funny thing

...well...my baby...there's no reason to cry...

Open the door to my mind now  
You're going to find out  
What you never could  
I didn't think that I'd let go  
But I think you should know  
I got nothing to hold  
You thought you'd come in and save me  
Well guess again baby  
Complacence so cruel  
It's not the way that you feed me  
It's the way that you're bleeding

All over my soul  
With all the things that you tell me  
I don't even know me  
So where did I go?  
I'll blow a kiss and a wave and  
Be out of your way with  
The one thing I got

I got a bit of your life oh yeah  
I got a bit of your life all mine  
I got a bit of your life

I got a bit of your life  
I got a bit of your life  
I got a bit of your life  
I got a bit of your life  
I got a bit of your life  
I got a bit of your life...goodbye
