Sometimes all the emptiness fills every part of my
head
But then I try and seal the wounds together
Purified as I dissolve into you

So strange way that you cure me
Warmth that you give me
It seems to burn
So strange feeling just numbs me
Floods in and drowns me
Oh when you come, I hurt

Sometimes I breathe in the sighs
And choke on bluest fake skies
Images that glow and feed on you
Oh I can't hold (I can't hold) this beautiful view

So strange way that you cure me
Warmth that you give me
It seems to burn
So strange feeling just numbs me
Floods in and drowns me
Oh when you come, I hurt

Tonight I'll buy all the smiles that I can
And wear them out and I'll be higher
Tonight I'll buy all the smiles that I can
And wear them all and I'll be higher

So strange way that you cure me
Warmth that you give me
It seems to burn
So strange feeling just numbs me
Floods in and drowns me
Oh when you come, I hurt

So strange way that you cure me
Warmth that you give me
It seems to burn
So strange feeling just numbs me
Floods in and drowns me

Oh when you come, I hurt
