I wanna see you dance in the night
I wanna see you move
And on the floor the queen in the light
Let all your feeling groove

Since sunday night I've been dreaming 'bout you my
love
Then stayed around my head
Tonight, tonight and I'm ready for you
I see you, you see me

"Ho tanta voglia di fare l'amore con te
Ti voglio"
I don't understand but

I can feel it, too
I can feel it
Feel the heat of your eyes

I can feel it, too
I can feel it
Feel the heat of your eyes

Don't know the words girl I sure understand
Tonight, tonight
And you're around you melt with our faces
Hanging their eyes up for you

I wanna see you dance in the night again
I wanna see you move
And on the floor the queen in the light
Let all your feeling groove for me

"Voglio fare l'amore tutto il giorno,
Tutta la notte, sempre"
I don't understand but

I can feel it, too
I can feel it
Feel the heat of your eyes

I can feel it, too
I can feel it
Feel the heat of your eyes

I don't understand but...

(Spoken words solo nella versione REMIX 12":)

"Ho tanta voglia di fare l'amore con te,
Andiamo a letto"
I don't understand but

I can feel it, too
I can feel it
Feel the heat of your eyes

I can feel it, too
I can feel it
Feel the heat of your eyes...
