Did you see the news today coming through your  
electric window  
Did you see my hologram making ripples in the  
emptiest towns  
If you think that you can run, you've got another thing  
coming to you

Lalala  
Where are you? Where are you?  
Why are you running from me?

Crime?  
I only had a gun to let him get to know me  
If only for a minute of fun  
This ain't no crime  
I only had the gun pressed to his forehead  
Just to see the being change within him

I am the light and I'm here to remind you how it feels to  
be alive  
I am the light and I'm here to remind you of the things  
that you should know  
I am the light and I'm here to remind you how it feels to  
be alive  
I am love in its purest form

Lalala

Crime?  
I only had a gun to let him get to know me  
If only for a minute of fun  
Crime?  
I only had the gun pressed to his forehead  
Just to see the look in his eyes  
Crime?  
I only had the gun to let him get to know me  
Just to see the motherfucker cry  
I've loaded up the gun  
With butterfly bullets that you'll be kissing when I am  
done

[HOOK]

Crime?

I only had a gun to let him get to know me  
If only for a minute of fun

Crime?

I only had the gun pressed to his forehead  
Just to see the look in his eyes

Crime?

I only had the gun to let him get to know me  
Just to see the motherfucker cry

I've loaded up the gun

With butterfly bullets that you'll be kissing when I am  
done

I'm coming for you
